Your Number One Stud

AUTOMATIC WELDING HEAD

Model: IWT

Made in USA 

DESCRIPTION

IWT's auto feed production weld head is rugged enough to take on your large volume production needs. It can be easily mounted to CNC controlled gantry systems. Robotic arms or a linear slides for custom applications. The weld head is available in contact, gap or drawn configurations. It's compact design allows studs to be welded as close as 1/2" inch from a return. Collets, feed pistons and drop tubes are easily changeable with minimal tools
