Your Number One Stud

STUD WELDING UNIT Model: IWT-LYNX4 TITAN

Made in USA 

DESCRIPTION

The LYNX4 Titan stud welding system offers a full 3/8" welding capacity and has the industries best capacitance to weigh ration. Because of the Titans compact design it is suitable for "bench top" or automated applications with an IWT's autoseed welding head and can also be used with an IWT's hand guns. The Titan is equipped with a microcontroller which will keep this model continually up to date. the Titan is equipped with an 15 pin subminiature interface allowing remote triggering, ready signals, and reload circuitry among others for automation. The Titan is sold as a stand-alone power supply or as a complete welding system including gun, two ground cables, collets, and changing tools

FEATURES	IWT-LYNX4 TITAN
WELD RANGE	#4 - 3/8"
CAPACITANCE	162,000uf
POWER	50-195 Stepless Voltage Regulation- 115/230 50/60Hz
WEIGHT	37 lbs 13"W x 6.5"h x 15.5"L
