

STUD WELDING PRODUCTS, INC

Your Number One Stud

Shield Gas Version

STUD WELDING UNIT

Model: VISAR 650

Powerful & Lightweight

- Arc Stud Welding Process with Ferrule or gas
- 1-Phase instead of 3
- Variable Power Supply (100-240V)
- Welding Range: 1/16" - 3/8"
- Weight is only 40 lbs
- Inverter-Capacitor Charging Technology

DESCRIPTION

110 VAC gas Stud Welding Unit for ARC stud welding according to current standards. Easy to use with display and shielding gas connection. USB port for saving and loading welding programs. Light weight and portable makes this unit great for job sites. Inverter capacitor charging technology providing quick recharging times and increased duty cycle.

FEATURES

VISAR 650

FEATURES	VISAR 650
WELD RANGE	1/16" - 3/8"
WELD RATE	1/8" = 40/min 5/16" = 12/per min 3/8" = 6/per min
DIMENSIONS	18"L x 12"W x 13"H
WEIGHT	40 lbs
PRIMARY POWER	110 VAC - 240 VAC

FEATURES

- 110 VAC Gas Arc Stud Welder
- The micro-controller and energy management system eliminates effects of power fluctuation, this results in Consistent performance. This unit can be used anywhere
- 650 AMP output on a single phase input is an absolute world first in the industry.
- Regulated Welding Output- Cutting edge micro-controller technology regulates weld power output, resulting in high quality and consistent welds.
- Intuitive operation- illuminated adjustment dials & simple setting of power and time
- Rugged Design- Through the unique internal cooling system there is no way for dust/dirt to get inside
- Accessories pouch available.
- Comprehensive customer-specific setting options as well as detailed process optimization and control.
